## Wanted!

Young Lady For Office Assistant

OHIO RIVER LUMBER CO.,  
UNION STREET, NEAR SECOND.

# In the Market For a WHEAT DRILL

Then Our "New Peoria" Is What You Want

It has perfect working discs, fitted with dust proof chilled bearings, single draw bars that will not gather trash, staggered spoke wheels with 7-inch hub and 3-inch tires, continuous rear bar with truss rod to support seat and keep drill from sagging, direct pressure in rear of disc; a feature we claim will make this drill work perfectly in any land suitable for sowing grain and where other drills cannot be operated. A seat in center of drill convenient to lever is also furnished. Drop in and let us show you what this drill can do, and furnish you with the names of a score of satisfied users. One feature of our drill that puts it in a class by itself and makes it superior to all other drills on the market is the "Peoria Disc Shoe." You won't find the disc shoe on any other press drill on earth, the Peoria people have that feature cinched and they are going to hang on to it. If you want to know why we can grow more wheat to the acre after this drill than any other with the same amount of grain sown, come in and let us explain to you the "New Peoria Disc Shoe Drill."

We Have Just Gotten in a Full Stock of  
Fine Baling Wire

**Mike Brown**  
THE SQUARE DEAL MAN

Sherman Taylor of Maysville and Ida Belle Hefer of Aberdeen were married at Georgetown Monday.

#### MRS. CHARLES P. WEAVER

Noted Louisville Woman to Address Woman's Club in Maysville Tomorrow Afternoon

Mrs. Charles P. Weaver of Louisville, ex-President of the State Federation of Women's Clubs, will address the Mason County Woman's Club tomorrow, Saturday, afternoon at 2 o'clock at the club rooms.

Mrs. Weaver is an excellent speaker and has done great work among the rural schools of the mountains of Kentucky.

After the speaking there will be an informal reception to this distinguished woman who is both handsome and talented.

[Advertisement]

The funeral of W. H. Davis yesterday was under the auspices of the Elks, of which order he was a honored member, and was largely attended by relatives and friends. Interment in Maysville Cemetery.

Mr. P. W. Wheeler received a letter this morning from his nephew, Dr. Carl L. Wheeler of Lexington, relative to the condition of his father, Mr. Charles Wheeler, who was injured in an auto crash Monday. An excerpt from the Doctor's letter says: "While his injuries are quite painful, I don't think will result permanently, although it is a little early yet to tell the full extent of his injuries."

Assistant Pastor of St. Patrick's  
Rev. Father P. M. Jones, Pastor of St. Patrick's Catholic Church of this city is to have an assistant pastor, Rev. Father Joseph Dwir of Brooksville, Ky., who will begin his new duties here today.

Father Jones has been so energetic and untiring in the parish work in Maysville that his health was weakening under the strain and his new assistant will relieve him and also add greatly to the solution of all active Church work.

#### GUN CLUB SHOOT

Walter Green Won Beautiful Silver Trophy Cup

As advertised the Maysville Gun Club held their big shoot on the local grounds yesterday afternoon. It was an ideal day for it and there were fully one hundred people present to witness the shooting.

The first five events were for twenty birds and the following are the scores:

\*Helkes—89 out of 100.  
\*Irwin—60 out of 80.  
\*Squire—61 out of 80.  
\*Frimble—72 out of 80.  
\*Holiday—81 out of 100.  
\*Ward—50 out of 60.  
J. C. Browning—11 out of 40.  
Riley—56 out of 100.  
Simpson—69 out of 100.  
Dea—80 out of 100.  
Hall—94 out of 100.  
Boulden—20 out of 40.  
Watson—28 out of 40.  
M. Kirk—42 out of 80.  
Wilson—13 out of 20.  
Keith—72 out of 100.  
Graybill—2 out of 20.  
Green 84 out of 100.  
Finn—4 out of 20.  
E. T. Kirk—35 out of 60.  
Stone—11 out of 40.  
P. Parker—27 out of 60.  
Rees—26 out of 40.

Those marked \* are professionals. The beautiful trophy which has been on exhibition in the Hechinger Clothing store window was won by Mr. Walter Green of Manchester, O. formerly of this city. The score in the event of twenty-five birds was as follows:

Riley, 16 yard handicap—14.  
Simpson, 18 yard handicap—18.  
Dea, 19 yard handicap—18.  
Hall, 21 yard handicap—22.  
E. T. Kirk, 16 yard handicap—13.  
M. Kirk, 16 yard handicap—15.  
Green, 19 yard handicap—22.  
Keith, 17 yard handicap—17.  
Rees, 16 yard handicap—17.  
Parker, 16 yard handicap—10.  
The shoot resulted in a tie in both first and second place; a shoot off was required which resulted as follows:

For First Place—  
Hall, 21 yard handicap—18.  
Green, 19 yard handicap—22.  
For Second Place—  
Simpson, 18 yard handicap—16.  
Dea, 19 yard handicap—12.  
Doubles—  
Helkes shot at 12 pairs, broke 13.  
Holiday shot at 12 pairs, broke 10.  
Ward shot at 12 pairs, broke 12.  
Helkes was high professional for the day with 89 out of 100, and Hall was high amateur with 94 out of 100.

#### WEATHER REPORT

RAIN TODAY OR TONIGHT;  
SATURDAY MUCH COOLER.

Mr. and Mrs. Charles Rhomiller of the Manhattan Restaurant, are home after a four weeks auto touring trip visiting relatives in Southern Kentucky.

#### E. P. O. Elks, Notice

Members of Maysville Lodge No. 704, B. P. O. Elks, are requested to meet at the Elks Home at 1:30 o'clock this afternoon (Friday) to attend the funeral of our late Brother, Dr. H. K. Adams, which will be conducted under the ritualistic services of our Order.  
HENRY E. POORE, Exalted Ruler.  
A. G. Sulzer, Secretary.

#### AN EVENT IN

## UMBRELLAS

Another lot of \$1 Umbrellas for men and women. The last shipment went in double-quick time. This is a consolation lot for those who were disappointed. Better be quick this time.

#### Women's Underwear and Hosiery

Each succeeding autumn we sell more cotton underwear in heavier weights than the season before. Assortment in styles, qualities and weights—all absolutely reliable—has kept pace with demand. This year the stock is particularly ample.

#### UNDERWEAR

At 25c—Vests and drawers in ribbed cotton, well made and finished.

W. H. Taft. J. S. Sherman.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

FOR VICE PRESIDENT,  
JAMES S. SHERMAN.

FOR CONGRESS,  
HON. HARRY BAILEY.

The first declaration in the Democratic platform is an assault on a Protective Tariff. The Republican platform is outspoken for such a Tariff. Here is one issue squarely joined, and history proves the strength of the Republican position.

Speaking of Wilson and the Tariff, if memory serves us right, we had a three years' experience with another Wilson measure from 1893 to 1896.

Under the Wilson bill of Cleveland's administration there was no Tariff on wool and 50 per cent. on goods, and the most flourishing industry was the soup-houses.

#### THE BLIGHT OF DEMOCRACY.

The sheriff was the busiest man in Highland county. The facts from his records are appalling. From 1893 to 1897 he sold two hundred and twenty-four farms and homes, served five hundred and thirty-one executions; and closed the following large industries: The Ohio Chair Co.; The Hillsboro Manufacturing Co.; The Hillsboro Gas Co.; The Hillsboro Woolen Mills; The Citizens National bank; and the First National Bank. A bankrupt community is a bad market.

If you were asked to do something that might possibly reduce the value of your land and your product from one-half to three-fourths would you take that risk?

With tariff for revenue prices for your land and your product can you beat the sheriff to your mortgage?

What Highland countian will take a chance on a return to such conditions?

A vote for William H. Taft insures a continuation of present conditions.—The above editorial appeared in the Hillsboro Ohio, Dispatch, Friday, October 4, 1912.

#### THE ISSUE AND THE HANDWRITING.

Issues are not determined by men, but by events. When a real issue impends the most adroit of campaign managers can no more create an issue than he can evade one. It is not a matter of political generals selecting the issues upon which a campaign shall be fought; campaigns have a habit of developing issues that overshadow the original one and convert it into a mere preliminary skirmish.

For months the political outposts have been skirmishing; there has been a rattling number of outpost fights, but the real battle field was not determined until within the past fortnight, for the real issue had not developed.

But today the real battle field is revealed, the real issue has come to the front; the preliminary engagement of the past month have dwarfed into outpost affairs. Again we have

learned that it is not for generals to determine battle fields, that it is not for candidates to determine the issues that are before the people.

The campaign has pro-ceeded to the point where it is apparent that the split in the Republican forces means the election of a free trade administration, a free trade congress—and the men of America all too well know that that means industrial depression, panic, loss of employment and hard times. The Republican party has upheld those principles and policies which have made the nation prosperous—to divide the Republican forces upon the election day will not result in the election of a man supporting these principles and policies, but in the election of the man and men who will drag them down and destroy them.

Colonel Roosevelt's charge has been brilliant, it has been sensational, it has been characteristic, but it is now apparent that it can have but one result—the defeat of the very principles and policies which he is seeking to maintain. Backed by the vote of the "Solid South," faced by divided Republican forces in great industrial and agricultural states, a man needs neither to be a prophet nor the son of a prophet to appreciate the fact that a free trade, Democratic administration may be ushered in to power.

It is a realization of this situation by the people of the great Northern and Eastern states which has made the real issue, which has determined the real battle ground upon which the fight will be conducted during the closing weeks of the campaign.

Shall prosperity and protection be kicked out? Shall free trade and hard times be voted in? These then are the questions that the voter must answer when he goes to the polling place in November. They may be entirely different from those which many of us thought would be asked; they may be entirely different from those which the campaign managers had determined would be best suited to their purpose, but they are the ones determined by events and therefore the real ones.

The protective tariff is alone to be maintained by the election of a Republican administration. This fact is apparent to any one who studies either the politics or the past or the politics of today. To divide the forces believing in protection, believing in an honest dollar, believing in the upholding of the national honor and integrity, is to defeat these very things by electing men who have always opposed and fought them.—Commercial Tribune.

The United States is the greatest Free-Trade country on earth. Considerably more than half our imports come in free, and the Tariff is of much less per capita here than it is in Free-Trade England.

#### THE TARIFF ISSUE.

No argument is necessary to show the manufacturers of the country on which side of this question they should take their stand. Anything that hurts the country's manufacturing industries is bound to hurt the workingman also, so that the Tariff issue will be brought home alike to capitalist and laborer.

With Protection as the dominant issue the Republican party will win.—Camden Post-Telegram.

WHEN THE MEN GO TO TOWN.

In the News American Magazine Edna Ferber, writing another Emma Mc Cheneay story, presents as one of her characters Blanche LeHaye, the burlesque queen, who makes a good many comments on life, as for example, the following:

"Say, men are all alike. What they see in a dingy, half-fed, ignorant bunch like us, I don't know. But the minute a man goes to Cleveland, or Pittsburgh or somewhere on business he'll bust up a burlesque show, and what's more, he'll enjoy it."

## NEW VICTROLAS

**\$15 to \$200.**

P. J. MURPHY, The Jeweler

### Trained Eyes

Great Help to be Able to See Things

By F. R. O. CARPENTIER

THE world is littered with failures caused by eyes that could not see opportunity at the door. The combination of the untrained eye and the untrained mind is a handicap that ties the world to drudgery. It is the man whose eye sees beneath the surface of things who wins success.

Accurate observation is one of the rarest arts in the world. The un-disciplined eye jumps to conclusions that have no reality in fact. The mind is blinded and deceived by eyes that lie. It is a common occurrence in court to have two honest witnesses differ diametrically upon essential points of their testimony. Try to describe from memory your most intimate friend so that a stranger could pick him out of a crowd and you will discover how little you have been using your eyes.

It is the man or woman who sees things overlooked by others, things to which others have been blind, who achieves success. It was because Watt could see an enormous power of tremendous potentiality in the steam which lifted the lid of the bubbling tea kettle that we have the steam engine of today, and yet steam had been making noisy tea kettles for thousands of years for unseeing eyes. And it is the same in all the great discoveries that have changed this world from savagery to civilization. It is the art of seeing with trained eyes.

The boy or girl who sets out deliberately to train eye and the registering mind to accurate observation has taken the first great step in real self-education. They are giving themselves the best equipment for the battle of life and preparing themselves to welcome opportunity.

It was a young man who had trained himself to see under the surface of things who made a fortune out of discarded tin cans in a western mining camp. The cans littered the streets and alleys where they had been thrown by the hungry, careless miners. They were kicked about and trodden upon by hundreds of money-mad men daily, but he one day noticed that one of the waste cans, partly submerged in the water that was pumped from the mines, collected a thin coat of copper. He saw that thousands of dollars' worth of copper in solution was going to waste in the water that poured from the mines. He saw that the tin cans caught this fleeing copper and precipitated it. In a few years he was one of the nation's mining magnates.

Train the eye to see things as they are, to see things which the most of us are overlooking as commonplace. Nature is still holding back many secrets the discovery of which may be as profound in results upon civilization as the advent of steam or electricity, and they are secrets that will be yielded only to the trained eye and disciplined brain.

### Children Must Exercise Body and Mind

By Wells Andrews, M. D., Chicago

Two things are requisite for the healthy and happy growth and development of the children—a playground and a garden. Children need a place like an empty barn in which they can swing and amuse themselves in wet and wintry as well as in hot sultry weather, indulging those games which are requisite for the schooling alike of their muscles and nerves.

Fashion has exerted a baleful influence over the best feelings of the mother, for she has become willing to sacrifice the health and well-being of her children by unsightly exposure of the arms and legs, which is often attended by the most serious injury to the child. Merino undershirts should be worn by the girls in winter, rather, woolen stockings and heavy shoes.

Avoid guarding the neck and throat of boys and girls. By reason of the proximity of the neck to the seat of circulation this very quickly has the temperature unduly increased by an excess of covering, to relieve which the articles surrounding the neck are often suddenly removed. Perspiration is then checked and throat diseases of course follow.

As the child advances in age his desire for employment and amusement will increase. Every proper opportunity, therefore, should be given for the due exercise of both body and mind, but neither should be too fatigued. Care should be taken at this time to provide such employment or amusement as shall exercise the arms as well as the legs, playing ball, pitching horseshoes and the like. After selecting proper games and exercises for children constant care should be taken that none are indulged in to excess.

Every violent exertion is attended by a strain upon some one part or other of the body.

In jumping from great heights, leaping over elevations, lifting great weights, in fact, in every exertion of this kind the boy risks producing a disability for life. It is by these hazardous experiments that ruptures are so frequently produced. On this account the exercises of a well-regulated gymnasium become so valuable, as the performances are graduated, beginning with the most easy and progressively arriving at the more difficult.

### Name of Much More Value Than Gold

By August Westman, Jr., Cincinnati, Ohio

A person with good brains can amass a fortune, a hypocrite can deceive persons into believing him a saint and a person with any sort of grit can gain success in a way, but it must be a person of tremendous will power who can withstand temptations and elude the many pitfalls that lure the unsuspecting down the path of destruction.

It is hard to keep in the straight road and lead a straight life in the face of temptations, but no battle can be won without fighting. The straight path is not lined with beds of roses. Neither is it lined with drinking saloons.

Hardships must be met bravely; joy and sorrow often come hand in hand.

What person need be afraid to face the world with a clean record and a good name? Clothes matter very little. They do not make the man.

Courage and honesty are far better possessions than a dress suit and a motor car.

WEEKLY REPUBLICAN—1907.  
DAILY PUBLIC LEDGER—1908.

MAYSVILLE, KY., FRIDAY, OCTOBER 11, 1912

ONE COPY—ONE CENT.

Once upon a time a man invented a commo-  
sense hat for a woman. It contained no ding-  
bats, dornicks, curlyques nor collywobles,  
was guaranteed not to scare horses, cost only  
50 cents, and required no awards to hold it in  
place. He started to die.

## TOBACCO

1912 Crop is Excellent

Area Harvested This Year 20 Per Cent. Greater

Yield Reaches a Total of 949,993, 500 Pounds

From Enquirer's Summary.

While it will be a record-breaker the tobacco crop of the United States has kept pace with wheat, corn and other crops in 1912, and the yield will be considerably in excess of last year. Both the acreage and the total production will not fall far short of the big production years of 1909 and 1910.

Never before in the history of the tobacco crop has the weather throughout the entire tobacco growing region been so favorable to the proper growth and early maturity of the plants. After a somewhat late start in certain sections, notably the burley belt of Kentucky, Indiana and Ohio, a splendid growing season was encountered up to the time of harvest. Cutting was completed earlier this year than usual, practically the entire crop being safely housed by October 1st. Only in scattering sections was the crop slow to mature, and it is probable that not more than 5 per cent. of the crop remained unharvested October 1st.

## THE TOTAL PRODUCTION.

Calculations based on The Enquirer's thorough canvass of all the counties of Kentucky, Ohio and Indiana and the important tobacco-growing regions of every state producing tobacco for commercial pur-

## HAY'S HAIR HEALTH

5 Restores color to grey or faded hair; Cleanses, cools and invigorates the scalp.  
5 Removes Dandruff—thereby giving the hair a chance to grow in a healthy natural way and stopping its falling out. Keeps hair soft and glossy. —Is not a dye.

poses, indicates a total yield this year of 949,993,500 pounds grown on an area of 1,055,832 acres. Last year's acreage totaled 811,689 acres, producing approximately 742,060,500 pounds. This is an increase of 178,143, or 20 per cent. in area, and a gain of 207,933,000 pounds, or 27 per cent. in yield. The Government's figures for 1911 gave an estimate of 1,013,000 acres, and 1,366,000 acres in 1910. The official estimate of the production the past three years was as follows: 1911, 905,109,000 pounds; 1910, 1,103,415,000 pounds; 1909, 1,055,765,000 pounds. From these figures it will be easily seen how close to the record crops of 1909 and 1910 the present crop will approach.

## KENTUCKY MAKES BIG GAIN.

Kentucky, the largest tobacco production section in the world, this year raised an area of 353,560 acres, yielding a total 314,867,500 pounds, a clear gain over last year of 90,995 acres in area planted and an increase of 72,472,800 pounds, or 21 per cent. in production. The planting season was delayed somewhat by inclement weather, but the crop came to early maturity because of a splendid growing season throughout the summer period.

North Carolina, which ranks second among the largest tobacco-producing States of the country, this year reports a harvested area of 210,000 acres, with an estimated yield of 147,000,000 pounds. The quality this year is said to be a shade inferior to that of the 1911 crop. The yield per acre, however, was heavier. The outlook is most encouraging for an advance in price for the 1912 crop.

## IN THE BURLEY BELT

In the burly belt conditions at harvest were much more satisfactory than had been anticipated earlier in the season. Many counties which planned to put out a large acreage seemed handicapped at planting time by unfavorable weather conditions and in some sections scarcity of plants. At the time The Enquirer's spring canvass was made it seemed inevitable that the intended area would have to be reduced. Much of the crop was planted late, however, and made such rapid growth that it was cut almost

## No. 4—OUR AIM IS TO SERVE

The ACCESSIBILITY of its officers is one of the features of this Company's business which can scarcely be too strongly emphasized.

An impression is apt to exist among depositors in any banking institution that they may never have any business within its doors except when depositing or withdrawing money. This is at least not the case in the offices of this Company, FOR ITS AIM IS TO SERVE.

(continued)

UNION TRUST &amp; SAVINGS CO.

MAYSVILLE, KY.

simultaneously with the earlier planting. Reports from practically every county in the burley belt indicate not only a large yield, but a decided improvement over previous crops in quality. Many sections claim the best crop ever raised. A conservative estimate of the area of burley tobacco harvested this year may be given as follows: Kentucky 173,736 acres, Ohio 21,067 acres, Indiana 10,598 acres, West Virginia and scattering sections, 10,000 acres: total 215,401 acres. The harvested acreage in 1911 was 183,089 acres, making an increase this year of 32,312 acres, or 17 per cent. The harvested burley in 1910 was 284,000 acres; 1909, 254,897 acres.

Based on the average yield in the various counties a total of 205,131,000 pounds of burley tobacco is indicated for 1912. Last year the total production was 174,185,700 pounds.

The average of 1911-12 and yield in Mason, Fleming, Bracken and Lewis counties:

	1911	1912	Pounds
Mason.....	5,500	5,500	4,950,000
Fleming.....	4,500	4,500	5,400,000
Bracken.....	4,000	5,500	5,500,000
Lewis.....	4,000	4,000	3,600,000

Quality of 1912 crop:  
Mason—Growers say this year's crop best ever grown in county. Fine texture and good color.

Fleming—Fine crop. Mostly all of it is curing in splendid shape. Better color than usual. Undoubtedly finest crop ever raised in this county.

Bracken—The 1912 crop is considered one of the finest in quality, size and condition ever harvested in this county. Color is very bright.

Lewis—A good quality, crop curing nicely.

Captain Ball of the Sixth United States Cavalry, located at Des Moines, Iowa, spent Wednesday here the guest of Mr. L. T. Anderson of Point-a-View Stock Farm.

Allen Jenkins of Manchester and Sadie Stagner of Maysville were granted a marriage license in Cincinnati Thursday.

## Flemingsburg News

From the Gazette.

Rulla Knapp of Maysville visited here Saturday and Sunday.

Mrs. J. D. Muse of Maysville and Mrs. Sophia Hodge of Seattle, Wash., are visiting here.

Mrs. Preston Wells came up from Maysville Saturday to visit Morris Atkin and wife.

Misses Elizabeth Qualiance and Lida Richardson of Maysville came up last Wednesday to be the guests of Miss Edith McElvaine at the latter's home on the Elizaville pike near here.

Roy K. Dudley was in Maysville one day last week with his auto to meet Gordon Craig, who came in from Chicago to visit Mrs. F. J. Huenken and the family of A. R. Amos. Mrs. Huenken, Mr. Craig and other young people have been guests at the Park Lake cottage of Sam P. Dudley and wife several days.

Mrs. R. N. Applegate went to Ripley, Ohio, Monday afternoon, where she went to attend the funeral of Miss Tommie Eckman, which took place there Tuesday. Miss Eckman it will be remembered visited here several years ago at the Applegate home. She went West for her health and died in the city of Denver last week.

## Public SALE

Having decided to quit farming, I will offer at public sale, on my farm at Helena Station, on

October 16th, 1912,

ALL MY

## PERSONAL FARM PROPERTY

Consisting of

70 head of thoroughbred Southdown ewes  
Several bucks.  
Lot of Jersey heifers.  
4 Jersey cows.  
1 heavy farm team.  
1 pair of 5-year-old mules; good ones.  
1 three-year-old driving mare.  
1 brood mare.  
1 yearling filly.  
2 suckling colts.  
1 Duroc boar.  
Lot sows and pigs.  
1 binder.  
1 mower.  
2 wagons.  
3 hay frames.  
1 dump cart.

Shamrock

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

HAVE YOU EVER NOTICED THAT THE BIGGEST STORES ARE THE BIGGEST ADVERTISERS? THAT'S WHAT MADE THEM BIG.

## FOR MAYSVILLE PEOPLE

MAYSVILLE CITIZENS' EXPERIENCES FURNISH TOPICS FOR MAYSVILLE DISCUSSION

The following experience occurred in Maysville. A Maysville citizen relates it. Similar experiences are occurring daily. Maysville people are being relieved. Getting rid of distressing kidney ills. Trying Doan's Kidney Pills the tested Quaker remedy.

Maysville people testify, Maysville people profit.

The evidence is home evidence—the proof convincing.

Maysville testimony is gratefully given. Maysville sufferers should heed it.

W. F. Lynch, 127 W. Third street, Maysville, Ky., says: "Doan's Kidney Pills are a fine medicine. My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and their use quickly restored my kidneys to a normal condition. I continued using Doan's Kidney Pills and they completely relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## FORCED - TO - SELL SALE!

Entire Stock of The Star Clothing House Placed on Sale Beginning

October 5th, 1912, and Continuing 15 Days Only

Money must be raised and creditors must be paid. A mighty tidal wave of unparalleled bargains. All of our CLOTHING, SHOES, HATS, CAPS, FURNISHING GOODS, TRUNKS AND VALISES are new up-to-date and stylish, having been made for this fall's trade.

We defy any merchant in this town to meet our prices on any of our goods in this announcement. We could not begin to do it without taking a great loss. Come early and get bargains before they are picked over.

The Star Clothing Co. CHARLES ROSENSTEIN  
Proprietor

## It's a Pity

Clothing can't be sold as to its value, like Abraham's coffee, oil or sugar; then when an innocent, yet good, boy or man, wants to buy a suit, and wants it at a fair price, he would not be afraid of being cheated. A man, even though he might call himself a merchant, can advertise \$25 suits for \$1.00. Anyone, even though he might call himself a man, can lie, but like a merchant, they return. Selling clothing brings out the best in man, in that very few know its real value, and some salesmen and proprietors are tempted to take advantage of those who don't know. If one man in a town who sells merchandise is crooked, it gives all a black eye. Let no one say of any Maysville merchant that they are crooked. If we should be so unfortunate to sell any one any thing which proves unworthy of its price, you will do us a great favor to return and get your money, giving us an opportunity to not only sustain our reputation by giving you "absolute satisfaction or your money back," and keeping up to high ideal of clean methods of selling clothing in the Twentieth Century to an intelligent community.

Mr. James W. Alexander, aged 21, of Mason county, and Miss Dora Lee, aged 21, were married last evening at the home of the bride in Maysville, Rev. Charles A. Cookwell performing the ceremony.

HOLMES—WILLIAMS  
Mr. D. B. Holmes, aged 23, farmer of Old Virginia, and Miss Anna D. Williams, aged 23, Virginia county, were married yesterday at the residence of the officiating Minister, Rev. J. M. Haymore, Pastor of the First Baptist Church.

BURDICK—BAYNE  
Augusta Chronicle.  
Charles L. Burdick and Miss Ella Mae Bayne, of Tollesboro, who have been guests of George Salles and family, near here, bled themselves to Cincinnati last Thursday and were united in marriage by Rev. Roughton, of Wesley Chapel, after which they left for Illinois to visit friends and probably locate.

RECORD BREAKING CROPS  
WASHINGTON, October 10th.—Never before have the great cereal crops of the United States been so bountiful as those of this year. Records of production for almost every cereal have been surpassed, in some instances, by millions of bushels.

The October crop report of the Department of Agriculture issued today, shows spring wheat, oats, barley, rye and hay all have exceeded the best record productions, while the crops of corn and potatoes from present indications also will be the greatest ever harvested.
